

Each Chemistry speaker will present a poster on a topic relevant to the symposium.

We welcome a wide range of speakers and topics, and we encourage students to present their research in a poster session.

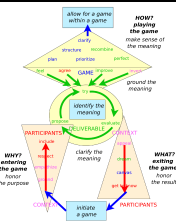

The poster session will be held in the afternoon of the 1st day of the symposium.

Students are invited to present a poster on a topic relevant to the symposium.

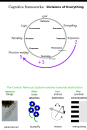

We welcome a wide range of speakers and topics, and we encourage students to present their research in a poster session.

The poster session will be held in the afternoon of the 1st day of the symposium.
